Dear Camping Group Leader:

You have made a reservation to use the **Organized Group Tent Camping Area** here at Ridley Creek State Park. This letter accompanies information that **you**, as the designated Group Leader, must know and share with all members of your camping group.

It is important that your group **must be at the park before sunset**, on your selected arrival date. The main gates into the State Park are closed at sunset. Late arrivals will be unable to enter the park.

The **park closing time for your arrival date is:** **833PM on 07/02/16**.

Upon arrival at the State Park, please follow park signs directly to Area # 13, which is the Group Tent Camping Area. You should begin to set up camp. A Park Ranger will meet you there soon after your arrival. **All vehicles must be parked in the parking lot.**

Please share this information with other group leaders and with all members of your group. We look forward to your visit to Ridley Creek State Park.

Sincerely,

Michael Kutzmonich
Park Manager
Ridley Creek State Park
